CURRENT POSITION

Independent Strategic Advisor & Director GNKS Consult

WORK EXPERIENCE

From 2006 to today

Director, Independent Strategic Advisor

GNKS Consult BV (<https://www.gnksconsult.com>)

- Director of a company that started up in 2006 with strong associations to other research institutes and associated with leading researchers in Europe in order to work together on policy development and assessment specifically on the crossroad of network and information technology and society.
- Project work and consultancy included: support global Internet policy position development and of WCIT preparation for the Dutch government (2012), support of ICANN GAC preparation for set-up of an independent Secretariat (2010 – 2012), support of NRO/RIRs in IPv6 deployment (2009 – 2011); work for ENISA and IETF on secure routing (2012); assistance of GEANT and SURFnet in strategic policy formulation (2014/2015) and developing options for the future TF CSIRT (2019), support of European Commission in future internet policies, dependability of networks, internet security, privacy and data protection, Internet of Things, eGovernment, etc. (2006 – today); Global Forum for Cyber Expertise Triple-I facilitator (capacity building workshops) (2018-today); Whisper.Security Chairman of the Advisory Board
- Former Member of European Network and Information Security Agency (ENISA) Permanent Stakeholder Group (2010 – 2012), Member of the IGF Policy Network for Meaningful Access (2020 – today), and Chairman of IGF Dynamic Coalition on the Internet of Things (2014 – 2019; 2022 - today)
- **Business or sector** For profit limited company

From 2025 to today

Strategic Advisor

EasyDMARC (<https://easydmarc.com/>)

- As Strategic Advisor part of the team with a focus on helping to set strategic direction for future growth and stability, as well as related communications to EasyDMARC's stakeholders.
- **Business or sector** For profit limited company

From 2016 to 2025

Former Chairman, Board of Directors

Internet Corporation for Assigned Names and Numbers (<https://www.icann.org>)

ICANN is a global not-for-profit public-benefit corporation dedicated to keeping the Internet secure, stable and interoperable. Its mission is to ensure a stable and secure unique identifier system for the Internet, and is set up as a unique global multistakeholder organisation. I am selected by the NomCom for my third term, and have been Chairman of ICANN from 2019 – 2022. Annual turn-over 145M USD; 400 employees

- **Business or sector** Non-profit (501(c)3 according to US law

- From 2023 to 2025** **Chairman of the Advisory Board**
 Scimagine
 Scimagine is a start-up in data science that is setting out to support researchers with tools that help manage all data, access to the data (through military level encryption) and visualisation of the data, in full support of the FAIR principles for Open Science and Open Data. Data stay with the researcher, and exchange between researchers
Business or sector For profit limited company
- From 2017 to 2019** **Co-Founder and Director of the Board**
 Institute for Accountability in the Digital Age (<https://I4ADA.org>)
 The Institute for Accountability in the Digital Age (I4ADA) was founded with the mission to ensure that those issues and concerns do not undermine the Internet's potential for increasing access to knowledge, spreading global tolerance and understanding, and promoting sustainable prosperity. I stepped down in 2019 when I became ICANN's Chair.
Business or sector Non-profit Foundation according to Dutch Law, think tank
- From 2008 to 2016** **Chairman of the Board**
 Public Interest Registry (<https://www.pir.org>)
- PIR is a global organisation responsible for running the .ORG domain, and .NGO domain.
 - During 6 months, I stepped down as Chairman of the Board and stepped up as CEO, and was full time responsible for running PIR while at the same time leading the search for a new CEO. Turn-over 80M USD, 20 employees
- Business or sector** Non-profit (501(c)3 according to US law), Internet Registry
- From 2013 to 2019** **Chairman of the Supervisory Board**
 NLnet Foundation (<https://www.nlnet.nl>)
- NLnet is a Dutch foundation supporting the development of a open, end-to-end internet. The supervisory board oversees the activities of the Management Board and NLnet to ensure proper governance and well informed decision making in line with NLnet's mission. I stepped down in 2019 when I became Chairman of the ICANN Board.
- Business or sector** Non-profit foundation according to Dutch law, Internet development
- From 1999 to 2006** **Director Information Society Policy Programme**
 RAND Corporation, European office (<https://www.rand.org>)
- Setting up and leading the Information Society team. This team managed to develop excellence in several areas of information society policies focusing on the impact of network and information technology on society. Also leading and being involved in multiple policy research projects including impact assessments and evaluations.
 - CEO of the Information Assurance Advisory Council from 2003 until 2006, which took on average 1 day per week. IAAC is a public private platform that aims to advance Information Assurance in the UK, to ensure that the UK's Information Society can count on a robust, resilient and secure foundation As CEO I reported directly to the IAAC Board.
- Business or sector** Non-profit (501(c)3 according to US law), Global think tank
- From 1995 to 1999** **Scientific Officer**
 European Commission, DG for Information Society and Media (now DG CNECT)

- Within the Advanced Communications Technologies and Services Research Programme I was responsible for the initiation, co-ordination and facilitation of initiatives relating to new ways of working and to sustainability across Europe.
 - Programme monitoring and evaluation: representing DG INFSO in the EC Research Programme Monitoring and Evaluation interservice group
 - As Project officer involved in preparing for proposal evaluations, project progress evaluations, and responsible for several European projects in the area of advanced telecommunications technologies and services.
- Business or sector** government, international

From 1987 to 1995 **Senior Advisor and Head of Unit**

Netherlands Ministry of Transport, Public Works and Water Management

- As Senior Policy Advisor responsible in 1995 for preparation and follow up of Ministry-internal and national meetings regarding European RTD on transport telematics. As Senior Advisor responsible from 1992 until 1995 for setting up and running a Telework Support Centre which had an internal and external focus. Head of Unit for Information Management and EDP of the North sea Directorate from 1987 until 1992

Business or sector government, national

PERSONAL SKILLS

Mother tongue(s) Dutch (Nederlands)

Other language(s)	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	C2	C2	C2	C2	C2
	I work professionally in English since 1995, and have had a lot of social interaction in English over the years, as well – both UK and USA..				
French & German	C1	C1	B2	B2	B1
	Basis is there, practice has been less over recent years – estimated investment needed to get on all fronts to C1 level or higher is one week intensive training at a good language institute.				

Communication skills

- Excellent communication skills in oral and writing. Have been lead author and contributing author to more than 100 publications, mostly in English, a few in Dutch. Have also been contracted to report on international conferences and workshops.
- Experienced moderator/chairman for meetings/panels, especially in multistakeholder environments. Have been active as workshop moderator since my first position as Senior Advisor in the Dutch Ministry of Transport, and am regularly moderating workshops today. Since 2010, I have also been chairing Board meetings for several Boards.
- Excellent in interpersonal communications as manager, team leader and as coach. Have been leading teams since 1987, and have been developing coaching skills since 2006, including command of NLP, deep understanding of the Enneagram, and intensive training as speaker, coach and team leader.
- Experienced in professional communications. Have reported to Boards, and as project manager have been responsible for timely and good quality delivery (organisation, administration, communication with the client).
- Impactful public speaker, with over 100 public deliveries since 1992, ranging from keynote speech contributions to international conferences to introductory speeches for workshops.

Organisational / managerial skills

- Building and developing excellent teams, often international, multi-disciplinary and “virtual”, with a clear focus on joint goals and individual roles and development.
- Extensive experience as project leader for policy research projects based on competitive bidding, as practice director responsible for ensuring sufficient funding and overseeing excellence in delivery, working mostly with international, multidisciplinary, highly skilled, team ranging from small teams of 25+ people, with consortium participants ranging from Novosibirsk to Denver (individual projects from small to 2,8 million EURO).
- CEO experience, including delivery and managing international, multidisciplinary teams, reporting to Boards, etc. (~ 80 million USD annual turnover)
- Board Chair and -member experience, including in international Boards, including consensus building in organisations on general direction and priorities (~ 140 million USD annual turnover)
- Extensive experience in strategic planning, financial planning and auditing, and risk.
- Contributed organisation of international events, ranging from workshops to conferences
- Next to the training in organisation and management at the University I have continued to deepen my skills by staying up-to-date with leading thinkers such as Peter Drucker, Henri Mintzberg, Joseph Jaworski, Stafford Beer, Otto Scharmer and Peter Senge and follow courses with leading institutions
- Coaching experience in one on one and with teams (getting the best out of teams), trained in NLP, Enneagram, Journey, Conscious Coaching and Medical Base Knowledge.
