Victim Advocates International
Notes to the Account
For the period from 1st January 2024 to 31st December 2024

A. Background

Victim Advocates International (VAI) is a global movement for victims of serious international crimes. For too long, victims of serious international crimes, including war crimes, crimes against humanity and genocide, have been passive observers of foreign courts and justice mechanisms. VAI was established to disrupt the way in which victims are viewed in international justice processes. It will do this by increasing their influence through collective action, and by providing resources to support victim groups to pursue their vision of obtaining a form of justice that is meaningful for them.
